The purpose of the 2017 Capital Investment Tax Renewal Project is to develop a draft funding package for possible inclusion in the 2017 ballot that:

- extends revenues to invest in high priority new or expanded community facilities;
- funds other important deficiencies not addressed in the 2014 initiative; and
- is understandable and has broad community support.

The purpose of the Stakeholder Committee is to:

- Serve as a diverse and balanced forum for exploring options
- Develop consensus around criteria for council selection of projects to be funded
- Provide recommendations to city staff and city council on a package of projects most likely to garner community support; and
- Provide feedback to city staff about community outreach materials and process.
